

# Tony Chatman

## STAGE INTRODUCTION

Our next speaker has devoted his life to helping organizations light up their culture by allowing their people to shine.

For two decades, Tony Chatman's keynotes and trainings have made good organizations great, turned struggling organizations around, saved careers, and inspired an ever-growing chorus of participants who say, "Tony Chatman changed my life."

That change is a way of seeing themselves and others that makes everyone feel like they matter, because that's how Tony sees them. Tony has that rare gift of immediately connecting with people, regardless of age, race, gender, or background.

This gift, along with his powerful message of head and heart, has brought him before Fortune 500 companies, international associations, government agencies, and the world's most impactful nonprofits.

From Chase Bank, the Secret Service, Phillips 66, Clear Channel and St. Joseph's Health, Tony has proved—in more than 1100 keynotes and trainings across the globe—that an organization's challenges are no match for its people.

Especially when those people know how to light up their culture. Get ready now to light up your culture and to shine brighter than you ever thought possible.

And please join me in welcoming to the stage Tony Chatman.
